**COMMISSION REGULATION (EU) No 1253/2014 of 7 July 2014**  
implementing Directive 2009/125/EC of the European Parliament and of the Council with regard to ecodesign requirements for ventilation units.

**COMMISSION DELEGATED REGULATION (EU) No 1254/2014 of 11 July 2014**  
supplementing Directive 2010/30/EU of the European Parliament and of the Council with regard to energy labelling of residential ventilation units.

) Ref. 1253/2014 and 1254/2014

\*In order to achieve the optimal indoor climate it is crucial to change filter on a regular basis. This will also result in better economy and less noise compared with clogged.
